At Tanamakoon girls presently in Grades 1 or 2 may have their first overnight experience for 6 days in July or August. The program will allow your daughter to participate in regular camp activities that are age group appropriate.

- Girls live in cabins with 6 - 8 girls and 3 staff members. Our highly qualified staff will ensure a safe, caring, supportive and fun environment for your daughter's stay at camp. Cabin Counselors will be with campers at all times during the campers stay at camp.
- Transportation is provided to and from Toronto by bus/van. Tanamakoon is located three hours north of Toronto on its own lake in Algonquin Park. Children can also be picked up or dropped off at Cache Lake Landing in Algonquin Park.
- Applications from previous Tanamakoon Kindercampers programs will be given priority until November 1, 2016 to register for Mini Camp. Thereafter applications will be accepted from other interested families. There is limited space in the program.
- Campers will receive a package of information in the spring, regarding clothing, uniforms, travel times and health forms.
- MiniCamp campers wear the same uniform colours (green shorts and tan t-shirts) during the day, as do all other campers.
- Girls in Grade 1 or 2 may choose the two week session if they feel they are ready.
- Have your daughter join us and discover how Tanamakoon can be her first safe, fun filled experience away from home. The 6 days at camp will give your daughter a start toward years filled with fun, adventure, memories and life long friendships at Tanamakoon.
